

Parking Advice

Denmead Junior School is working closely with your local neighbourhood policing team at Bishops Waltham to encourage safe parking on the highways around school grounds.

Please ensure you do all that you can to park and drive responsibly at school times to keep the children safe by following the parking advice below:

Please ensure that you do not park on double yellow lines, they create passing places to assist the flow of traffic around the school. Double and single yellow lines are also placed in areas where parking would be unsafe by restricting view of the road especially around corners, creating a hazard for other road users and pedestrians.

Keeping clear of any solid white lines will also create passing places and assist in allowing traffic to flow.

The School 'keep clear' yellow zig zag markings mean no stopping or parking and must be kept clear at all times particularly to prevent accidents between motorists and children. This includes blue badge holders.

As you will be aware drivers collecting pupils from Denmead Junior School have access to the car park which is a helpful facility which provide additional spaces for parking when used considerately. Please take care to keep the yellow zig zags markings in this area clear and to be considerate of those trying to exit to car park to maintain the flow of traffic.

Where there are yellow lines, waiting to pick up children and parking is restricted and vehicles should never be left unattended on these markings.

Increases in reports to local police about dangerous, illegal and inconsiderate parking may result in more frequent patrols by local PCSOs to encourage safe and legal parking practices around school times.

Failure to park legally could result in a penalty charge notice (PCN) from Winchester City Council's Civil Enforcement Officers who we work in partnership with.
