Maths Tasks

- Please, please, please keep practising your times tables and division facts. They are so important. If you want something different than TTRS try the following website: [Link to games](#) (Top marks maths games 7-11 times tables)
- Log on to the website below and complete the 5 maths questions set each day (Scroll down to find May). There are 4 different levels – silver is a good place to start but you can decide if you need more or less of a challenge. If you need more to do, then you can scroll down to find questions for every day in September to December too.

- Have a go at the problem solving challenge. I have included the answers from last week's problem solving challenges for you to compare your answers.
- Play countdown using the link [here](#).

Reading Tasks

- Attached are two reading comprehension packs. Clearly, we do not expect you to do them all as there are lots! Choose one which you like the sound of and have a go! If you would like to do a second one, that is fine but please do not feel that you have to.

Spelling Tasks

- Use the activities below to practise your Year 5/6 spelling words.

<p>Spelling Baseball</p> <p>Draw four bases on a piece of paper or lay out four pillows to be the bases. The pitcher selects a word. If the batter can spell the word correctly, he moves forward one base. A point is earned every time you pass home plate.</p>	<p>Words Without Consonants</p> <p>Write your spelling words on a list, but replace all the consonants with a line. Then go back to the beginning of your list and see if you can fill in the correct missing consonants.</p>

Writing Tasks

- Use the picture below to create a piece of writing. It could be part of a story, a setting description or the inspiration for a piece of poetry. The choice is yours.

- Consider the question below and write your response to it. You could discuss it with the rest of your family and see if their views are the same as yours.

Is something boring because of it or because of you?
