Maths Tasks

- Please, please, please keep practising your times tables and division facts. They are so important. There are two worksheets which focus on multiplication only and two which will need your division knowledge as well.
- Log on to the website below and complete the 5 maths questions set each day (Scroll down to find May). There are 4 different levels – silver is a good place to start but you can decide if you need more or less of a challenge. If you need more to do, then you can scroll down to find questions for every day in September to December too.
<https://corbettmathsprimary.com/5-a-day/>
- Have a go at this [game](#), which will help you improve your reasoning and problem solving skills. The [website](#) has many different games and some are very challenging.

Reading Tasks

- Look back at the two reading comprehension packs in Monday's section. Choose a different comprehension and complete it. If you would like to do a second one, you may but you do not have to.

Spelling Tasks

- Choose whether to focus on Y3/4 or Y5/6 words and select the correct PDF. There are two puzzles to complete – a crossword and word search. If you are struggling with the clues to the crossword (page 1), look at the words on the second page as these are the answers to the clues. If you are really stuck, the answers are on page 3 and page 4 of each PDF documents.
- The words below are commonly over-used. Use a thesaurus (an online version or the one in your head!) and come up with alternatives for these words.

fast, put, big, get, look, dangerous, go
- How many words can you make from the square below? The letters do not need to be joined. Can you find the word that uses all nine letters?

A	I	S
L	Z	R
Z	B	D

Writing Tasks

- Use the picture below to create a piece of writing. It could be part of a story, a setting description or the inspiration for a piece of poetry. The choice is yours.

- Consider the question below and write your response to it. You could discuss it with the rest of your family and see if their views are the same as yours.

"If a tree falls in a forest and no one is around to hear it, does it make a sound?"
