- Have a go at playing Subtraction Squares from NRICH. You can find more information [here](#).

Subtraction Squares

Age 5 to 11

Goal:
To create an unbroken line of counters from your starting square to the opposite side of the board.

Weekly Reading Tasks (Aim to do 1 per day)

- Challenge your child to read something around the house that isn't a book. They can then complete their Reading Record following this.
- With your child, follow a set of instructions to make something. This could be a paper aeroplane, a model or some baking for example. Post pictures or video on your Seesaw class page!
- Have a discussion about what reading with expression is (when you read direct speech showing the emotion of the character). How do you do it? Choose an example from a book where a character talks with emotion and practise reading their words with expression.

Weekly Spelling Tasks (aim to do 1 per day)

- Practise the year 3/4 spelling list (pdf on website)
- Choose 5 words from the list and complete the task below.

Morse Code

It is a series of dots (1 count) and dashes (3 counts). Check out this site, <http://www.morsecode.dutch.nl/alphabet.html> to see the international (NATO) Morse Code so you can practice!

Weekly Writing Tasks (Aim to do 1 per day)

- **Story task 1:** Continue the story:
The forest became darker, the light hidden by the creeping black canopy above them. The smell of the decaying leaves on the forest floor suddenly became punctuated by a sickly-sweet, almost hypnotic smell as the siblings spotted a yellow light between the trunks of the trees in front of them.
"Shall we?" asked Hansel?
- **Story task 2:**
Use the image to the left in a story.
