- Please keep practising your times tables and division facts. There are 4 practise tests which have random questions. Try to complete as many as you can. The last one has some remainders.
- Log on to the website below and complete the 5 maths questions. There are 4 different levels – silver is a good place to start but you can decide if you need more or less of a challenge. If you need more to do, then you can scroll down to find further questions
<https://corbettmathsprimary.com/5-a-day/>
- Multiply and divide by 10 ,100 and 1000 revision. Watch the video on the BBC Bitesize:

Complete the online activity and tasks on the website.
- For fun: Complete the next “Family Maths Challenge”. You can discuss the problems with members of your household. Try to do as many as you can. Some are very tricky. There will be another next Monday so use the whole week to work on it.

As a rough guide of difficulty level:

Or you could use these letters:

Some solutions are on the crossword task.

Writing Tasks

- All this week you will be using the video of Danny MacAskill conquering The Ridge (prepare to be amazed!)
https://www.youtube.com/watch?v=xQ_IQS3VKjA
- I would suggest you watch it more than once.
- Make notes on the following questions: Why do you think Danny wanted to ride the Ridge? What was his motivation? What skills would he need to complete the ride?
- Complete the senses grid (available on the website), focussing on generating some great descriptive vocabulary! This will be needed for this write and the write later in the week.
- Imagine you are Danny, write a blog or diary entry for part of the day you did that ride. Include your feelings and remember to keep this fairly informal (chatty). This should be in the first person. See WAGOLL paragraph below
- The second write (for Wednesday) will be to do a second piece of writing linked to the video.

At the summit, I stood catching my breath, only for it to be stolen again by the majestic view. I remember laughing to myself at how desperate I was to look at the beauty I was surrounded by, yet I daren't look up, as her beauty would distract me and lead to my peril! Those sharp flint and slate rocks are treacherous and slice through the skin like knives – better to stay on your bike!
